Letter From Our President & CEO

Welcome to the Urban League of Greater Oklahoma City's 76th Annual Gala. Thank you for joining us tonight as we celebrate the outstanding individuals and organizations in Oklahoma City. Tonight, we reflect on the impact of the Urban League of Greater Oklahoma City on building a stronger, more diverse, and economically inclusive community for over 76 years. Walk down memory lane with us tonight as we "Remember the Time".

According to the local newspapers in 1945, The Urban League of Greater Oklahoma City was set up in the Spring of 1945 and was accepted by the Community Chest (United Way) as an accredited social welfare agency. During the Summer and Fall of 1945, the newspapers reported that highly trained social welfare surveyors in Oklahoma City studied the needs of the African American population, specifically, and in general how the needs related to the community as a whole. On December 19, 1946, Articles of Incorporation were filed with the Oklahoma Secretary of State and the Urban League of Greater Oklahoma City's journey began in our first offices at 300 N. Stiles.

On November 29, 1946, the local newspaper quoted Lester Granger, National Urban League president, at a dinner in his honor hosted by the Oklahoma City YWCA. Speaking to the audience, Mr. Granger stressed the fact that consideration of a problem based on interracial cooperation is difficult; that qualities of courage and wisdom are of the utmost importance in the people who tackle interracial problems. Granger said "This is necessary: work and financial support of the League is necessary. The League is not a militant group and concerns itself only in those fields which also concern the entire population such as education, health, housing, transportation, and employment. It functions by seeking to understand the problems of a community and doing something about them before friction can arise. It also seeks to bring about equality and opportunity."

For over 76 years, the Urban League of Greater Oklahoma City's focus has remained the same. The agency has been the premier social service agency and subject-matter expert in the African American community providing affordable housing, minority business support, workforce development, employment, expungement assistance, and education services. Like the past and the present, our formal mission statement is "To assist African Americans, other minorities and the poor achieve social and economic equality." Our focus is on economic mobility for the poor and people of color.

We want educated kids, living in healthy communities whose families have access to jobs and a roof over their heads.

Mr. Granger's statement in 1946 is still true today. Our work is necessary, and it needs financial support. Tonight, we are asking each of you to give \$100 or more to help us raise \$50,000. Your gifts will benefit 50 children in our 4-star DHS-licensed School-Age Learning Center. The Urban League specializes in supporting minority children and offers an academically enriched learning environment where students from kindergarten through 6th grade receive after-school tutoring. Your gifts will help 25 young adults with job training and the development of transferable and functional skills. Our career coaches understand when people come to the Urban League, they struggle to meet basic needs and are often confronted with daily emotional and social challenges that create barriers to employment. As an affordable housing developer for over 25 years, \$50,000 would help us renovate a home for a low-income family who seeks safe, quality, and affordable housing.

A QR Code has been provided tonight for your convenience. Thank you for joining us tonight and remembering the impact and life-changing services of the Urban League of Greater Oklahoma City.

BOOK DRIVE FOR THE WALNUT GROVE COMMUNITY
MAY 8 - 15, 1949

THE WOMEN'S DIVISION OF THE URBAN LEAGUE, under the leadership of Mrs. Zelia N. Breaux, conducted a successful Book Drive for the Walnut Grove Community. This group, realizing that the closest library to this community is two miles, consulted the Neighborhood Club Secretary who supervises the Walnut Grove Center. Through her guidance and information received the Women's Division decided to accept the responsibility of developing a small library for the center which is the only Community Chest agency serving the more than 250 Negro families who reside in this — one of the more underprivileged neighborhoods in Oklahoma City.

RESULTS:
More than 500 (five hundred) books were collected, classified and delivered to the Walnut Grove Center. These volumes included all types of books ranging from children books and light fiction to books on the serious problems in world affairs. Moreover, a half dozen subscriptions (6) were donated by women's clubs and church auxiliaries. These included magazines for growing children and adults.

URBAN LEAGUE WOMEN'S DIVISION

THE URBAN LEAGUE Women's Division was organized formally in the Spring of 1949 as a result of a number of the women's experiences in working together successfully on such projects as the Community Chest Campaigns for 1948 and 1949, and Cross Drives for those same years and the Walnut Grove Book Drive. This group also furnished volunteers to serve as hostesses for the Salvation Army Christmas Party and themselves gave Christmas Cheer to the residents of the Oklahoma County Home for Aged Negroes. This division has a membership of approximately thirty (30) women who serve in any capacity they are called on to fill. The Walnut Grove Clinic has been one of the channels through which they have contributed time and money.

The ball, a sell-out event, was held at the Tinker Air Force Base Officer's Club last Friday night. Proceeds go towards helping the Urban League in its many community outreach programs in the areas of employment, education, and health and social welfare. Beverly Glover, pictured above, introduced the Urban League Bachelors of 1993 bringing the future into focus.
